AMENDMENT

Two compact discs are submitted herewith as an amendment to U.S. Ser. No. 10/753,718. "Copy 1" represents the paper copy of the sequence listing and "Copy 2" is an archive copy of the sequence listing.

A statement authorizing transfer of the parent sequence listing data (U.S. Ser. No. 09/696,791) to the instant case, per 37 CFR sec. 1.821(e), is also enclosed herewith. This will satisfy the requirement for a computer readable form for the instant case. Also enclosed herewith is a statement that "Copy 1" of the compact disc is identical to the computer readable form of the parent case (U.S. Ser. No. 09/696,791) and, therefore, contains no new matter.

Respectfully submitted,

Date: June 22, 2004
